I refer to the comments by Premier Anna Bligh yesterday in the Queensland Parliament.

Would you please note that following these comments I have decided to resign as Chairman of the FPQ Advisory Board effective immediately.

I write to formally tender my resignation to you as one of the 2 shareholding Ministers. I have written in similar terms to the Hon Tim Mulherin, Minister for Primary Industries and I am also forwarding copy of this letter to Premier Anna Bligh.

I believe that my Board and I have made a valuable contribution to building the asset value of the organisation and I am certain that the efforts of my Board and Senior Executives Warren Hoey and Garry Hannigan will ensure that the people of Queensland will benefit from our combined efforts once the sale to the private sector is finalised.

Naturally, if requested I will co-operate fully in any assistance you may need from me during the sale process.

Mr Ken Smith

Dear Mr Smith

**Queensland Register of Lobbyists**

Thank you for your letter dated 6<sup>th</sup> August 2009 regarding my registration on the Register of Lobbyists. *I wish to remain on the Register.*

I retired from the Australian Parliament in October 1998.

The two Queensland government bodies that I was a member of as at the 30<sup>th</sup> June 2009 were the Manufacturers Leaders Group (MLG) and the Queensland China Council (QCC). Both bodies' terms have now expired.

The MLG was pro-bono and the QCC was for a total annual remuneration of a gross payment of \$705.00.

I understand that after the review of Boards no fees will be paid for membership of the Queensland China Council. I am relaxed about this as acceptance of a position on the QCC was never about remuneration.

I was appointed to both bodies by the relevant Minister mainly because of my position as Non-Executive Chairman of the publicly listed Queensland based mining services and products manufacturing company Industrea Ltd (ASX Code IDL). To the best of my knowledge I was the only representative on the QCC from a manufacturing exporting company. IDL exported \$57m dollars worth of manufactured product to China last year and is on target to export \$85m dollars to China this financial year.

When the Queensland government reconstitutes the Queensland China Council I would be keen to remain a member as I think I have made a positive contribution during the past term.

*David Beddall & Associates P/L*

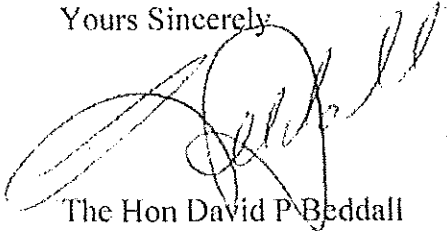

ABN 30 083 705 748

2

Naturally in light of the Premiers statement this would be a pro-bono position as was my participation in the Manufactures Leaders Group

This of course is at the discretion of the Queensland government, The Premier and the Minister for Trade.

Yours Sincerely

The Hon David P Beddall

Further to your letter dated August 6th, and as per your request, I would like to inform you and confirm that I have never been appointed to any paid positions by the Queensland Government.

I also would like to take this opportunity to state that I have never participated in any "pay to view" activities by any Government politicians and/or the ALP.

Any contact that I and/or my company (Tesabay Investments) may have had with any Minister, was based on a proper request for an appointment in order to discuss matters that were definitely for the benefit of the state and/or the community.

Please let me know if you require any additional information.

Dear Ken,

Thank you for your letter of advice dated 6<sup>th</sup> August 2009 regarding the prohibition on persons registered on the *Queensland Register of Lobbyists* serving on Queensland Government bodies.

The only member of the SAS Group to whom this applied was Hon Con Sciacca AO. You would be aware that Mr Sciacca notified the Shareholding Minister, Hon. Tim Mulherin MP, and the Chief Executive Officer of the Board of Forestry Plantations Queensland of his decision to resign as Chairman effective from the 4<sup>th</sup> August 2009.

Again, thank you for your advice on this matter and we look forward to working with your department in relation to the Integrity and Accountability review.

Dear Mr Robinson

I refer to your registration as a Lobbyist on the Queensland Register of Lobbyists.

I refer also to my earlier e-mails to you in relation to the requirement of Queensland Contact with Lobbyists Code which provides that that registered Lobbyists are to submit to the Director-General of the Department of the Premier and Cabinet, within ten business days of 30 June each year:

- confirmation that their details are up to date, and
- new statutory declarations for all persons employed, contracted or otherwise engaged by the Lobbyist to carry out lobbying activities, or if the Lobbyists is an individual, a new statutory declaration about the Lobbyist.

As previously advised, to comply with the Queensland Contact with Lobbyists Code and continue your organisation's registration on the Queensland Register of Lobbyists, this information was required by Close of Business on 14 July 2009.

It is noted that your organisation has not yet complied with the requirements of Queensland Contact with Lobbyists Code and has not provided all of the information required.

It is noted that a new statutory declaration has not yet been provided for Dianne Tompkins.

Please note that if this information is not received by close of business on 31 July 2009, Ms Tompkins will be removed from the Register as a person who is employed, contracted or otherwise engaged to conduct lobbying activities on behalf of your organisation.

Should you have any queries in relation to this matter, please contact Glenys Jenkin on 3033 0679.

Thank you for your assistance with this matter.

Dear Ms Jackel

Thank you for your reminder. Mr Smith's letter dated 6 August 2009 seeks a reply in writing by 7 September 2009, requesting that a decision be made as to whether someone holding a paid appointment to a Queensland Government board or other significant position wishes to continue operating as a registered lobbyist or alternatively wishes to retain their government appointment.

As I do not hold any such appointments and in any case wish to continue to operate as a registered lobbyist, it is not necessary for me to respond to the letter.

As you would be aware, the Principal of our firm, the Honourable Con Sciacca AO was the Chairman of a Government Owned Enterprise and chose to resign from this post prior to the receipt of any correspondence from P&C - he has advised Mr Smith separately of his decision.

Thanks again for your note

**Subject:** [!! SPAM] Queensland Register of Lobbyists - Response Required

Dear Mr Simmons

As you are aware, the Director-General of the Department of the Premier and Cabinet wrote to all lobbyists registered on the Queensland Register of Lobbyists on 6 August 2009 regarding the Government's decision to prohibit individuals who are registered as lobbyists from receiving paid appointment to a Queensland government board, committee, statutory authority or other significant appointment.

In his letter, the Director-General requested information concerning whether or not lobbyists are appointed to Government bodies by close of business on Monday, 7 September 2009.

It would be appreciated if you could ensure that any person who is registered to undertake lobbying activities on behalf of your company, and who has not already responded to the Director-General's request, does so by the 7 September 2009 deadline.

Please note that failure to respond to this request may result in action being undertaken by the Director-General, as the administrator of the Register, to remove those persons from the Register.

Thanks you for your assistance in this matter.

Regards,

Rita

Mr Ken Smith  
Director General

PO Box 15185  
CITY EAST QLD 4002

Dear Mr Smith

Thank you for your letter of 6 August 2009 concerning Lobbyists involved in paid appointments to Queensland government boards, committees, statutory or other significant appointments.

I have no current or past involvement in any of the above described government positions.

I congratulate the Premier on this initiative as I have held a strong view for some time that operating a business involved in lobbying governments does not lend itself to then holding positions 'inside government'.

I am not suggesting that people who do cannot do this honestly and effectively however in this space it is more about the perception.

I trust this clarifies matters as far as my non-involvement in Government Boards or other positions is concerned.

Kind regards

Dear Ms Tranent

Thank you for your response.

The Director-General of the Department of the Premier and Cabinet, as the administrator of the Queensland Register of Lobbyists, has advised that individuals registered as a lobbyist who are considered for appointment to a Government body or other significant appointment that is paid, including Government panels such as the Gateway Review Project, will be required to be removed from the Register in order for the appointment to proceed.

This policy aims to remove any suggestion of conflict of interest that may arise out of an overlap between lobbying firms and Government appointments, which is part of the Government's platform of reforms towards more open and accountable relationships between politics and business.

The Queensland Contact with Lobbyists Code will be amended shortly to confirm the Government's expectations on this matter.

I trust this information clarifies this matter.

Dear Mr Carr

As you are aware, the Director-General of the Department of the Premier and Cabinet wrote to all lobbyists registered on the Queensland Register of Lobbyists on 6 August 2009 regarding the Government's decision to prohibit individuals who are registered as lobbyists from receiving paid appointment to a Queensland government board, committee, statutory authority or other significant appointment.

In his letter, the Director-General requested information concerning whether or not lobbyists are appointed to Government bodies by close of business on Monday, 7 September 2009.

It would be appreciated if you could ensure that any person who is registered to undertake lobbying activities on behalf of your company, and who has not already responded to the Director-General's request, does so by the 7 September 2009 deadline.

Please note that failure to respond to this request may result in action being undertaken by the Director-General, as the administrator of the Register, to remove those persons from the Register.

Thanks you for your assistance in this matter.

**Subject:** Register of Lobbyists

Dear Ken,

I refer to your letters of 6<sup>th</sup> August and 3<sup>rd</sup> September in relation to my Government appointments and my registration on the Queensland Register of Lobbyists.

I confirm that it is my intention to remove my company from the Queensland Register as I will not be undertaking lobbying activities in accordance with the definition in the Queensland Contact with Lobbyist Code.

It is my intention to continue a business relationship with Leighton Contractors Pty Ltd. As I have said to you in the past and also in public my work with Leighton Contractors is not of a lobbying nature but I included the company on the Register out of a sense of caution.

My work for Leighton Contractors is of a strategic nature, offering advice on government priorities and projects but does not and will not require me to communicate with Government representatives as defined as lobbying in the Code.

Leighton Contractors representatives have indicated that they are prepared to confirm this separately to you in writing and I anticipate they will be in a position to do this next week.

In relation to the third issue raised in yesterday's letter I can further confirm that Leighton Contractors P/L is a totally separate legal entity from Leighton Asia with the two companies operating in separate markets.

Leighton Contractors, with whom I have worked, operates domestically within Australia.

At no time have I undertaken any activity on behalf of Leighton Asia either specifically in China or Vietnam or any other part of Asia. It is not my intention now or in the future to change this position and again I have asked that this be re-affirmed by Leighton Contractors to you in writing next week.

I trust that this information in conjunction with follow up advice in writing from Leighton Contractors P/L next week will be sufficient to enable you to make a decision in this matter but if you require anything further please do not hesitate to contact me again.

Yours sincerely,

Steve Bredhauer.

Subject: Queensland Register of Lobbyists - Response Required

Dear Mr Lieberman

As you are aware, the Director-General of the Department of the Premier and Cabinet wrote to all lobbyists registered on the Queensland Register of Lobbyists on 6 August 2009 regarding the Government's decision to prohibit individuals who are registered as lobbyists from receiving paid appointment to a Queensland government board, committee, statutory authority or other significant appointment.

In his letter, the Director-General requested information concerning whether or not lobbyists are appointed to Government bodies by close of business on Monday, 7 September 2009.

It would be appreciated if you could ensure that any person who is registered to undertake lobbying activities on behalf of your company, and who has not already responded to the Director-General's request, does so by the 7 September 2009 deadline.

Please note that failure to respond to this request may result in action being undertaken by the Director-General, as the administrator of the Register, to remove those persons from the Register.

Thanks you for your assistance in this matter.

Regards,

Rita

Dear Ken,

Ref: TF/09/21799 – DOC/09/90348

Thank you for your letter dated 6<sup>th</sup> August 2009.

As I would like to continue to be a member of the Queensland Register of Lobbyists, I would like your advice on the following regarding conflict of interest.

In your letter it was noted that I must choose between continuing any 'paid' appointments or appointments that 'attract remuneration' and my membership of the Lobbyist Register.

I am currently a member of the Gold Coast Institute of TAFE board, appointed over 12 months ago. I would like to stay on this board as an unpaid member if possible as well as retaining my membership on the Lobbyist Register. I really do enjoy being part of this board and working as part of the team. Also to note that the education sector is not an area that I work within in my capacity as a Government Relations Advisor.

Deb Daly, Institute CEO, has also advised that she would be happy to talk further with you on this if required.

If you have any further questions, please let me know.

Thank you for your guidance and I look forward to your response.

Yours Sincerely
