Hi Mary

The departure time I've set in my schedule from Proserpine is 3.15pm. We will be at the airport by 3pm. Can you confirm if we need to go through any security screening, and if I need to allow additional time at the airport.

So I've got Depart Proserpine 3.15pm, Arrive Brisbane 4.50pm (Monday). Are my timings correct? I think you told me 1 hour 35 mins for the flight.

Please also keep in the back of your mind that we may get to the airport early if the boss doesn't want to hang around and eat lunch at Airlie – so let me know if there's flexibility around the departure time.

Thanks.

Hi Mary, are they coming down in VH-SGY? Any transport required? With the meals, the caterers will not supply plates and metal cutlery. We can provide salad meals for all, EG chicken, hams etc. plus condiments. Similar to what they received last time. IS that suitable. Or they can have meals prepared in foil trays that can be heated by the crew. Let me know which way you want to go.

Hi Paul,
Your quote is as follows:

Brisbane to Emerald 2 hours
Emerald to Charters Towers 1 hour 20 minutes
Charters Towers to Greenvale 45 minutes
Greenvale to Ingham 40 minutes ****
Ingham to Townsville 35 minutes
Townsville to Brisbane 3 hours

*** As discussed, we will plan to take the Minister to Greenvale, we haven't flown there before but it appears that the only hindrance to our arrival would be bad weather. In the event there is bad weather we will need to make other arrangements at the time. Not likely at this time of the year though.

I will attach the guidelines which has an application at the end of the document. Paul please give me a call if you need any assistance or are confused about any of the process.

Subject: Minister Cripps trip - hosted by AgForce

Hey Paul

Been doing bit of work on this trip which we have flagged for 18th and 19th July.

Proposed DRAFT Itinerary:

18th July: Depart Brisbane for Emerald

Visit leasehold property

Visit property in relation to vegetation issues

Evening: BBQ/informal dinner with selected grazing, grain and cotton grower and horticultural leaders in Emerald

19th: Depart Emerald for Charters Towers

Drive to upper Burdekin for on property visit and meeting with local graziers

Drive back to Charters Towers

Mid afternoon: fly to Ingham to return Minister to his electorate

Issue with this Paul is commercial flights won't work as we can't do Emerald to Townsville for example.

So we would probably need Government plane if possible.

OR alternatively:

We could do leasehold and vegetation property issues around Roma or Charleville utilising commercial flights from Brisbane if Government plane not possible.

Regards

Sue

Kate,

Re applications:

- I have rescheduled the King Air for the Premiers task 18 – 20 Jul 12
- Minister Cripps could use the jet for most of his requested task, except for the leg to and from Greenvale – Greenvale is a King Air only aerodrome!
- Minister Crisafulli's office has sought advice on the approval status for their trip booked in the King Air 24 – 26 Jul 12.
- Minister Crisafulli's office has also sought advice on availability of aircraft for trips over a number of dates in August and September.

Would you like me to speak directly to Minister Cripps office re the use of the Jet next week?

Hi John,

A few points re movement on approvals for govt aircraft today:

- Today I advised Minister Crisafulli's office that their application for use of the Jet on 18-20 July had been rejected
- The Premier will now need to use the King Air on 17-18 July – this has been approved

- Minister Cripps has the King Air booked for 18-19 July – is it possible for him to use the Jet instead of the King Air?

Can you please let me know asap.

Hi Sharon,

Sorry for the delay but this became quite a flight planning exercise.

Further to your question re using the King Air out of Saint George here are the flying times for the trip. If you plan on staying overnight in Townsville, you should note that the total flying time for the day is approximately 7 hours. In addition, the trip will require two refuelling stops - one at Longreach and the other at Normanton. Each refuelling stop will take about 1/2 an hours. That adds up to 8 hours transport time for the trip in the day. The guidelines for use of the aircraft state that a Minister may only have the aircraft for 10hours unless approved otherwise by the Chief Pilot. This is for the purpose of fatigue management.

Thus the Minister would have available to him approximately 2 hours of meeting times in order to get to Townsville in one day from Saint George.

Flight times are:

Saint George to Longreach	1hour 30min
Longreach to Doomadgee	2hours15min
Doomadgee to Normanton	55min
Normanton to Croydon	40min
Croydon to Townsville	1hour 30min (Overnight)
Townsville to Brisbane	2hours 50min

A third scenario for you to consider is the following:

Apply to have the jet fly empty to Saint George on the night of 15th and then use it to complete the trip the following day. This would necessitate the King Air also doing an empty leg Saint George to Brisbane so I am not sure if the Premier would approve your application. But here are the times for your information. Please note that a refuelling stop would also be required in Longreach.

Saint George to Longreach	1hour 20min
Longreach to Doomadgee	1hour 30min

Doomadgee to Croydon to Townsville - Brisbane would remain as previously advised.

I trust that this is of some assistance to you. I have copied the Chief Pilot into this so that he is aware of what you may be requesting in your application.

Gavin

Morning Mary

I just spoke to John, so he'll flag this with you also.

We are looking at doing:

- Sunday 1 July – Brisbane to Townsville
- Monday 2 July (afternoon) – Townsville to Proserpine; Proserpine to Mackay (into Mackay at night)
- Tuesday 3 July – Mackay to Charleville to Brisbane. (could you also do an alternate route of Mackay to Rockhampton to Bundaberg to Brisbane)

If you could give me flight timings for those ASAP, I'd really appreciate it.

Can you remind me – do I need to book accommodation for your pilots in Townsville and Mackay??

Thanks Mary.

Hi Di,

Proserpine to Mackay 30 minutes
Mackay to Brisbane 1 hour 30 minutes

King Air
Townsville to Palm Island

GUIDELINES

Section 1.3

1.3.1 "Subject to the approval of the Premier, the Governor, Minister, Head of the Qld Reconstruction Authority or the Commissioner for the Qld Flood Commission of Inquiry may be accompanied by those non-government persons whose attendance they believe on reasonable grounds will assist in the performance of the task for which the use of an aircraft is being requested"

The Chief Pilot interprets this to mean that if the Premier's family have been invited then there is 'reasonable grounds'.

As discussed I am working at trying to get Minister Springborg to the Cape on the King air on the 2nd/ 3rd. Is Palm Island somewhere in the distance?

Also, can you advise on the policy for the Premier's family travelling on the Government Jet or King Air with him when they are attending an event / function with him.

Subject: Premier's transport from Canberra Airport to Parliament House

Hi Philip,

Thanks for taking the time to speak to me yesterday with regards the Premier's transport to/from Canberra airport to Parliament House. As discussed, the only issue we have is a guaranteed 'smooth' transition for the Premier and her party to and from Parliament House. As the airport is privately owned we are bound to use a corporate handler for all our needs, we are not free to come and go without an escort.

Following on from our telephone conversation yesterday, my only concern was to ensure the information from your department was correct. I have now thoroughly investigated this and I have been advised that COMCAR will definitely need escorting to/from our parking bay. In light of this I have organised that a representative from Corporate Air will meet our jet and escort the COMCAR driver to and from the plane. Our Corporate Air representative is (Darren King), Darren can be contacted on CTPI I will organise the 'logistics' of ensuring that the Corporate Air representative keeps the pilots informed of the Premier's departure from Parliament House for her return leg to Brisbane and will advise our flight times when they are confirmed. If you have any questions please feel free to give me a call.

Regards

Mary
